

# Diploma in Trauma and Mental Health Informed Schools and Communities (Practitioner Status)

11-day level 5 training validated by the Institute for Arts in Therapy and Education

A practical skills-based course, underpinned by evidence-based research studies. Designed to inform and empower staff to respond effectively to vulnerable children/young people who have experienced trauma and/or have mental health issues by delivering interventions addressing mild to moderate mental health problems, with a focus on recovery.

*"I can honestly say that it was, by far, the best, most insightful, profoundly moving, expertly evidenced, endlessly interesting and fascinating, relevant and (as I'm sure will be testified to before long) most useful training I have received in my teaching career."*
